

AutoCAD® 2000 Virtual Pen Configuration

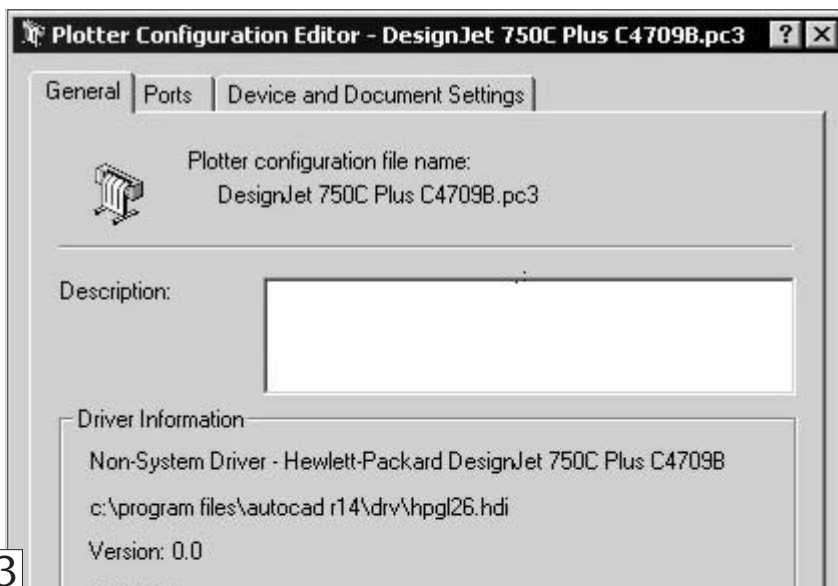

01

In the File menu, select Plotter Manager.

02

Double-click the DesignJet 750C Plus icon.

03

In the window that opens, click on the “Device and Document Settings” tab.

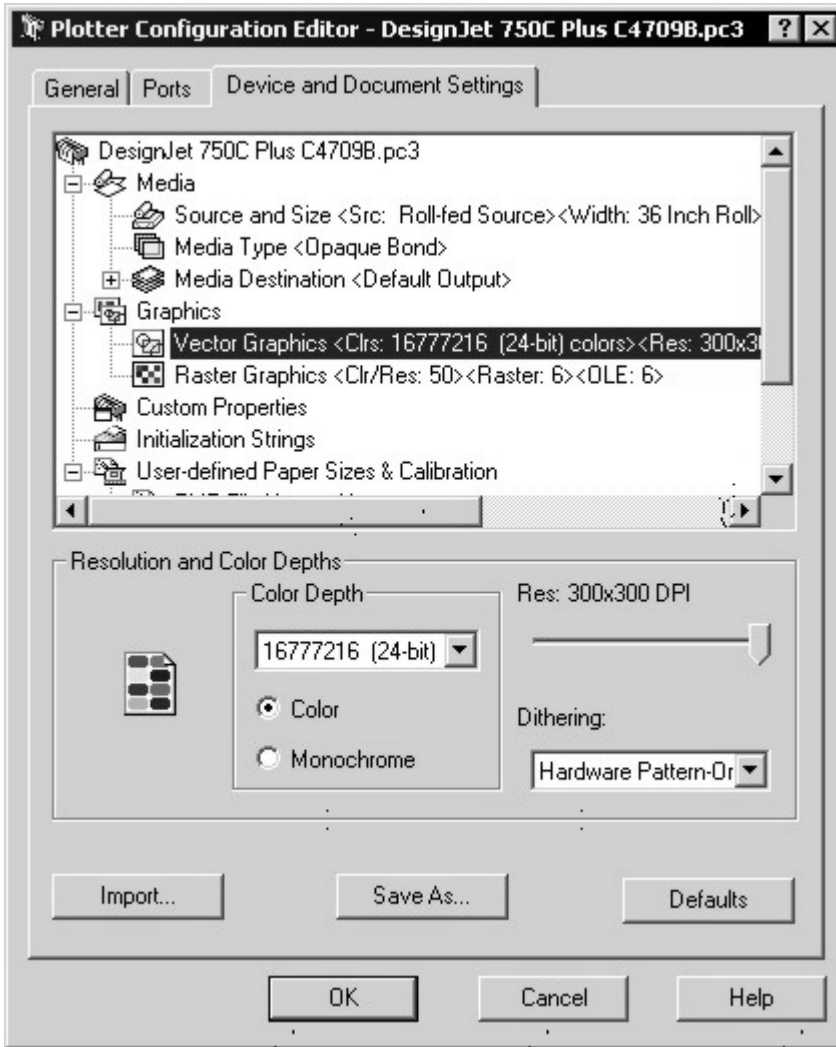

04

Click on the “+” next to “Graphics.”

05

Click on the “Vector Graphics” selection once, to highlight it.

Color Depth

16777216 (24-bit)

Color

Monochrome

06

Click on the “Color Depth” drop-down menu.

Color Depth

255 Virtual Pens

16777216 (24-bit) colo

256 (8-bit) colors

255 Virtual Pens

4 (2-bit) colors

07

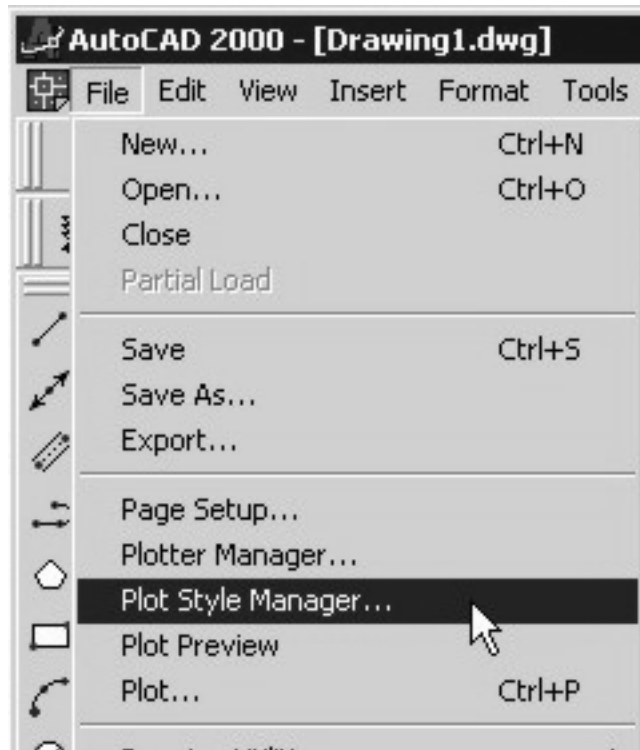

Select “255 Virtual Pens.”

08

Click “OK.”

09

In the File menu, select Plot Style Manager.

Add-A-Plot Style Table Wizard

10

Double click the Add-A-Plot Style Table Wizard icon.

11

Click "Next."

12

Select “Start From Scratch.” Click “Next.”

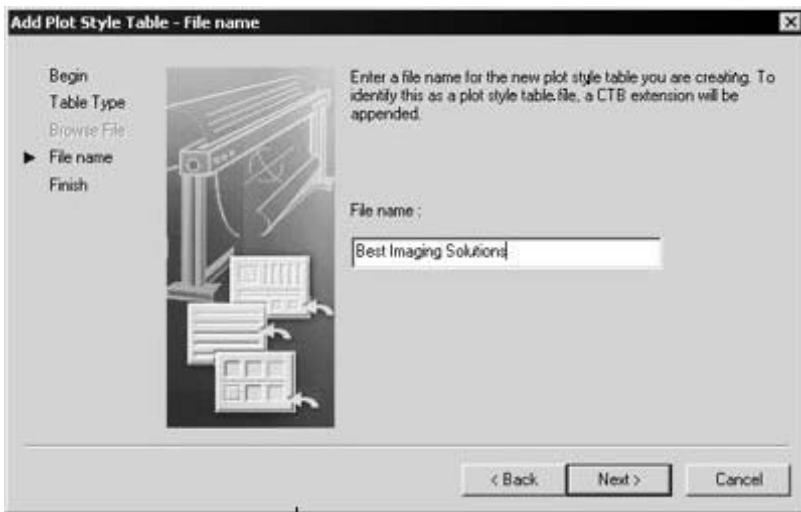

13

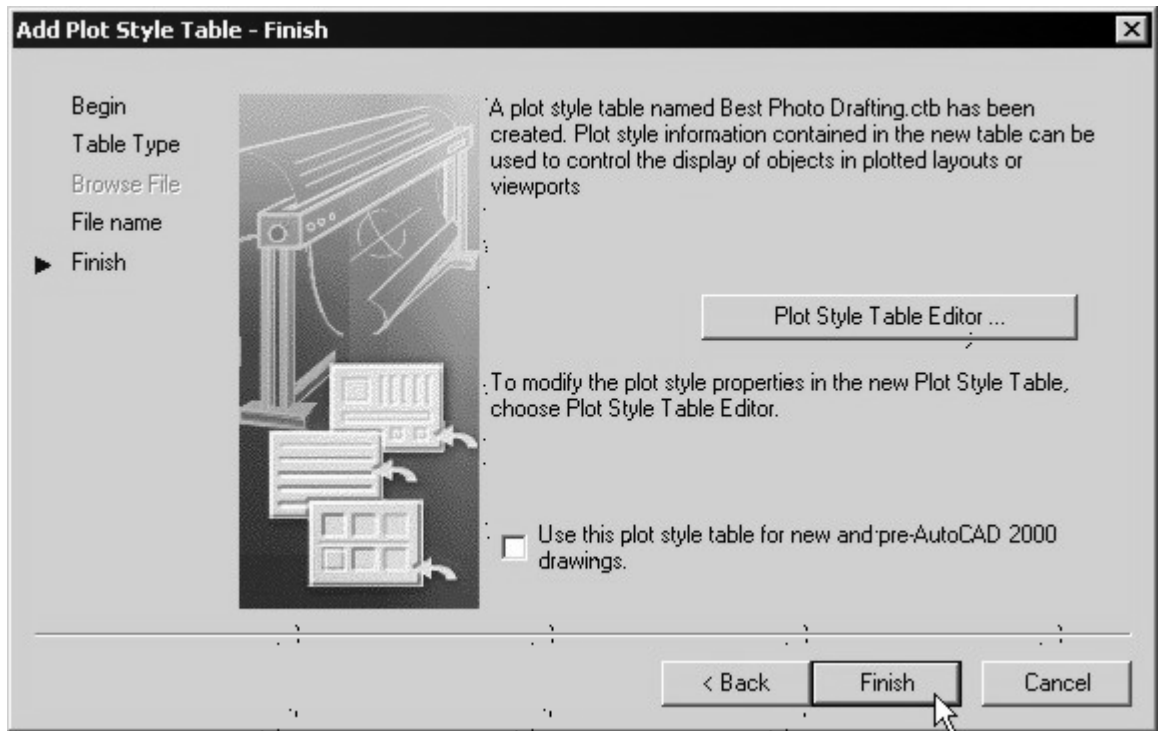

Select “Color-Dependent Plot Style.” Click “Next.”

14

Enter “Best Imaging Solutions” for the file name. Click “Next.”

15

Click on "Finish."

Best Imaging
Solutions.ctb

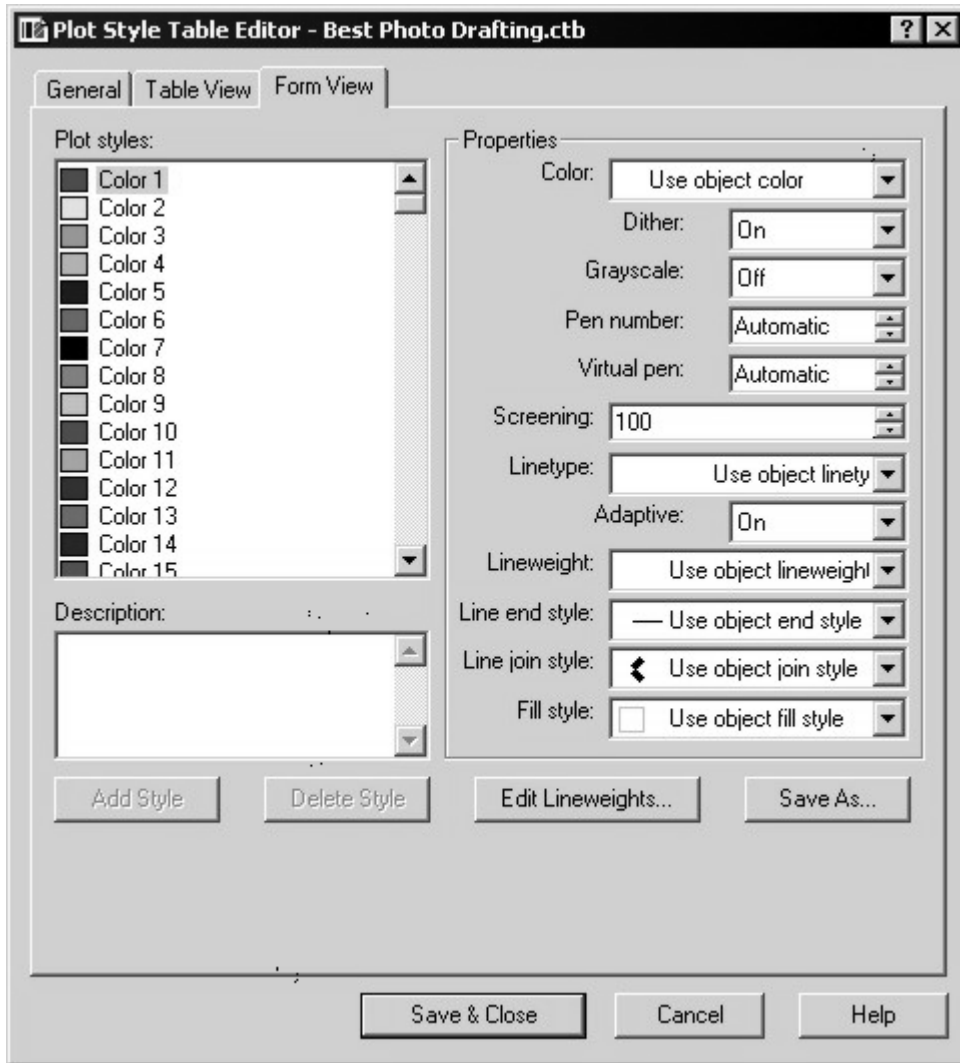

16

Double click on the newly created Plot Style icon.

17

In the Plot Style Table Editor window, click on the Form View tab.

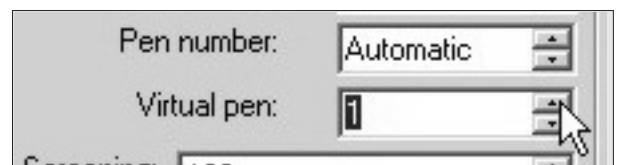

18

In the Plot Styles area, click on “Color 1” to highlight it.

19

Leave the Pen Number set to “Automatic.” Change the Virtual Pen setting to match the color number.

20

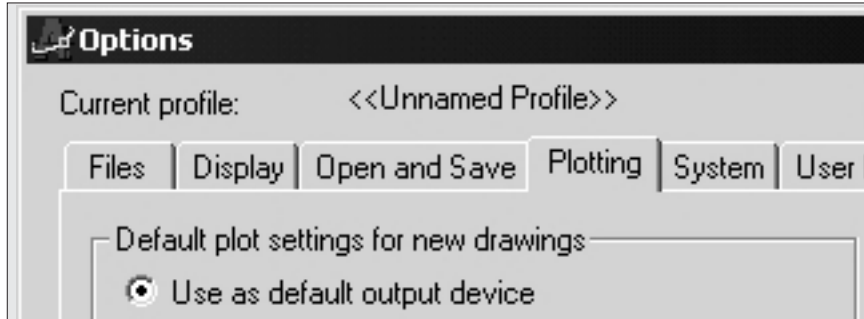

Select Color 2 and assign it to Virtual Pen 2. Select Color 3 and assign it to Virtual Pen 3. Repeat for every color up through 255.

NOTE

It is of the utmost importance that you assign each and every color to its corresponding virtual pen **even if you don't use them all.**

21

Once you finish assigning all the Virtual Pens, click on “Save & Close.”

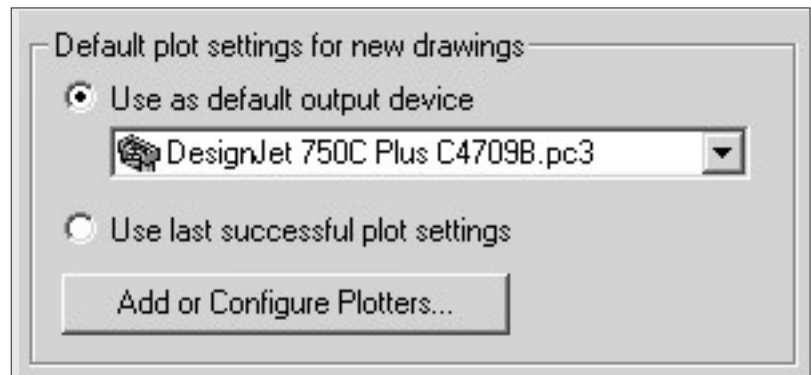

23

In the Options window, click on the Plotting tab.

24

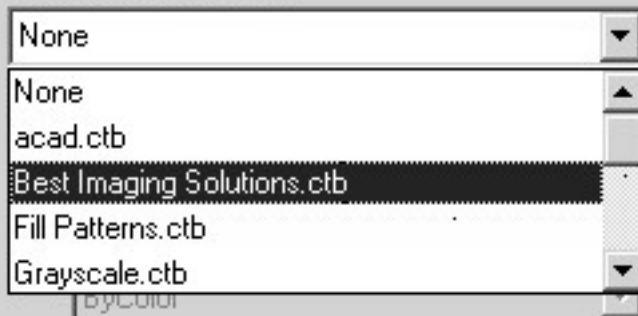

Select the new DesignJet as the default output device.

Default plot style behavior for new drawings

- Use color dependent plot styles
- Use named plot styles

Default plot style table:

Add or Edit Plot Style Tables...

Use Page Setup to change the plot style table for the current layout in the current drawing.

25

Select Best Imaging Solutions as the default plot style table. Click on “OK”
